Introduction

Handbook Purpose

The purpose of the handbook is to acquaint you with general policies and procedures of the Washington County Schools that govern and affect your responsibilities as a coach.

Because this handbook is a general source of information, it is not intended to be, and should not be interpreted as, a contract. It is **not** an all-encompassing document and may not cover every possible situation or unusual circumstance. If a conflict exists between information in this handbook and Board policy or administrative procedures, the policies and procedures govern.

Some policies refer to specific forms that are available as part of the District's administrative procedures. It is the employee's responsibility to refer to the actual policies and/or administrative procedures for further information. Complete copies of those documents are available at the Central Office and in the Principal's office. Policies and procedures also are available on line via the District's web site or through this Internet address: <http://policy.ksba.org/W03/>. Any employee is free to review official policies and procedures and is expected to be familiar with those related to his/her job responsibilities. Employees and students who fail to comply with Board policies may be subject to disciplinary action. **01.5**

School council policies, which are also available from the Principal, may also apply in some instances. **02.4241**

In this handbook, **bolded policy codes** indicate related Board of Education policies. If an employee has questions, s/he should contact his/her immediate supervisor or any Central Office administrator.

This handbook is intended to be a tool to help implement local policies and procedures and guidelines established by the Kentucky High School Athletic Association (KHSAA) and other sport-specific governing bodies in the administration of student-athletics. For more detailed information about the KHSAA and the bylaws referenced in this handbook, please visit the following website:

District Mission

Washington County Schools, in partnership with families, postsecondary institutes, and the community, will provide a variety of challenging personalized learning experiences in a nurturing and safe environment, by empowering all students to develop college and career readiness skills in order to become successful contributing members of a global society.

Athletic Program Philosophy

To promote safety, fairness and good sportsmanship at all levels of the District athletic program, coaches shall implement relevant policies and procedures of the Washington County Board of Education, the SBDM council and the Kentucky High School Athletic Association (KHSAA).

It is the intent of the Board of Education that students participate in as many athletic activities for which they are eligible and their parents wish. To this end, coaches shall strongly encourage students to participate in all sanctioned sports programs offered by the school. It shall be the responsibility of all coaches to follow these guidelines:

- If student-athletes quit when faced with a possible suspension from eligibility or are removed from an activity for disciplinary reasons, they shall be ineligible to compete in another sport for the period of the disciplinary sanction imposed or for the period the sanction would have been imposed had s/he not quit.
- Student-athletes may participate in more than one (1) sport or sport activity during the same season, if both coaches are able to coordinate a student's schedule.

Cutting of Participants

The coaching staff of each individual sport shall establish the process for deciding whether athletes will be "cut" during a tryout period during which the final composition of a team will be determined. If a coaching staff determines that "cuts" are necessary, they shall discuss with all athletes attending the tryouts the criteria to be used to evaluate the athletes during the tryout period. This procedure shall also describe the notification process that will be used to inform all athletes of their status following the tryout period. The coaching staff must make every effort to ensure that all athletes attending the tryouts clearly understand the criteria to be used to evaluate them.

The notification procedures used by the coaching staff should, if feasible, include individual conferences with each athlete that does not make the final team. These conferences shall include feedback to the athletes on the areas where they might improve athletically and always ensure the dignity and growth of the individual student.

Conduct of Program

All interscholastic and intramural athletic competition shall be in compliance with the constitution, bylaws, and competition rules of the Kentucky High School Athletic Association (KHSAA) and Title IX requirements. As a condition to KHSAA membership, each member school and Superintendent shall annually submit a written certification of compliance with 20 USC Section 1681 (Title IX).

Coaches shall abide by:

- Policies adopted by the school council relating to evaluation of the athletic program that address program equity for both male and female athletics.
- Program implementation requirements developed by Superintendent/designee to promote compliance with Title IX requirements.
- Rules and limitations established by 702 KAR 7:065 and the local Board for students participating in middle school sports and sport activities. **09.31**

STUDENTS FIRST, ATHLETES SECOND

KHSAA Imposition of Penalties

If KHSAA rules and regulations are violated, penalties may be imposed on the school or individual within the defined parameters of Bylaw 27, the KHSAA Due Process Procedures. The Principal shall be responsible for oversight of the school's athletic program to see that it remains compliant with KHSAA rules.

<p>Please refer to KHSAA Bylaw 27.</p>

Middle School Applicability

Per 702 KAR 7:065, the KHSAA has responsibility for the regulation of athletics at the Middle School level. An Advisory Committee will set any statewide regulations, with approval from the Kentucky Board of Education and the Kentucky General Assembly through 702 KAR 7:065. This regulation sets very few statewide rules, but requires the establishment of many rules at the local level. Though there is not "membership" for middle schools in KHSAA at this time, the governance model requires local Boards of Education to ensure enforcement of a variety of restrictions, most of which are related solely to the health and safety of the student-athlete and to maintain the proper perspective for interscholastic athletics within the education model.

Future Changes

Although every effort will be made to update the handbook on a timely basis, the Washington County Schools reserve the right, and have the sole discretion, to change any policies, procedures, benefits, and terms of employment without notice, consultation, or publication, except as may be required by contractual agreements and law. The District reserves the right, and has the sole discretion, to modify or change any portion of this handbook at any time.

Qualifications

NFHS Coaching Principles Certification

All District coaches are required to complete the “National Federation of High Schools” certification. This certification is divided into three (3) separate phases:

- Clinic Phase, which will familiarize the coaches with the course material and procedures;
- Self-Study Phase in which the coach will read and study the text to prepare for the testing phase; and
- Testing Phase, which is the final step where coaches will be allowed to take a written exam and will be permitted to use the textbook.

Coaches who respond correctly to 80% of the questions will receive certification. According to the KHSAA, coaches are given one (1) year from date of employment to receive this certification. The District encourages all coaches to take the class and pass the test within the first season of employment. Once the certification is received, no further coaching certification through ASEP will be required. The cost for this certification process is \$90.00 and will be paid for by the School Athletic Department. The coach will be required to complete the course in the allotted time. If the course is not complete and the coach is required to take the course again, he/she will be responsible for the new course fee. Prior ASEP certifications will be acceptable.

A report should be made within 24-48 hours of the occurrence and prior to leaving the work premises, UNLESS the injury is a medical emergency, in which case the report can be filed following receipt of emergency medical care.

In order to eliminate or minimize occupational exposure to bloodborne pathogens, employees must comply with the District's Bloodborne Pathogen Control Plan. When bodily fluid spills occur, employees shall follow procedures posted in each school building or worksite. Disposable gloves and plastic bags are available in elementary classrooms and, in each school, the Principal's office, food service office, or the custodian's storage area.

Coach-Parent Communications

To demonstrate the District's commitment to productive school-home communications, coaches are expected to respond to requests from parents via phone calls, e-mail messages, and written requests within forty-eight (48) hours of receipt of the message unless extraordinary circumstances prevail. If the message is received on Friday or the day before a break in the school calendar, every reasonable effort shall be made to respond that day, but certainly no later than the next school day.

Scheduling

Coaches shall adhere to the following scheduling guidelines, unless circumstances dictate otherwise, in which case they shall confer with the Principal.

Scheduling of athletic competitions and sport activities shall be approved in advance by the Principal and meet all applicable conference, district or regional requirements in keeping with KHSAA rules and regulations. **09.31**

Please refer to KHSAA Bylaws 19-24.

To the extent possible, athletic competitions and sport activities shall be scheduled:

1. To minimize travel distances and compete with schools of comparable size and classification.

3. To assure that scheduling of District facilities, practice times and competition times for both male and female sports are consistent with Title IX requirements.
4. To avoid scheduling regular season athletic games and sport activities on a date that will require loss of instructional time for travel or competition in compliance with KDE regulations and local Board policy.

Examples of scheduling of athletic practices and sport activities which should be avoided include the following:

- a. Conflict with end of semester exams.
- b. Occur during professional development activities
- c. Coincide with religious observances and/or times of worship.

Coaches shall keep these forms on file for the duration of the sports season. **09.438**

In keeping with Board policy, disciplinary measures should not be administered in a manner that is humiliating, degrading, or unduly severe or in a manner that would cause the student athlete to lose status before his/her peer group. Coaches should guard against making remarks to other student participants concerning a student's shortcomings.

Serious disciplinary problems shall be promptly reported to the Principal, who shall make an effort to gain the cooperation of the parents in the discipline process. **09.43**

Routing of Parent Concerns

Parent concerns on any topic related to their child's participation in sports (including disciplinary measures) should be expressed directly to the head coach first before contact is made with other school officials. Should the concern be directed out of order, the parent will be re-directed to the coach to file the initial concern.

If not satisfied with the outcome, after presenting it to the coach, the parent should present the concern, complaint or grievance, in writing, through proper channels, in the following order:

- b. Principal
- c. District Athletic Director

On any athletic complaint, the decision/resolution of the District Athletic Director will be final.

Eligibility

Determination of athletic eligibility for students shall be made in compliance with applicable administrative regulations and Kentucky High School Athletic Association requirements. **09.313**

Please refer to KHSAA Bylaws.

Pupils whose parent or guardian resides in the District and has custody of the student, or pupils who are legal residents of the school district, or as otherwise provided by state or federal law, shall be considered residents and entitled to the privilege of participating in the school athletic program, unless such is in conflict with KHSAA Bylaws. All other pupils shall be classified as nonresidents for school purposes. **09.12**

In accordance with school council policy, student athletes are required to attend school for at least a half-day the day of an athletic activity to be eligible to try out, practice or participate in an athletic activity.

Students "Playing Up"

In accordance with school council policy, the coaching staff of each individual sport shall determine if they will allow student-athletes to "play up." For example, a student attending eighth grade may be able to participate at the freshman level in one (1) sport, but not another. Each coaching staff shall make this determination based on council policy prior to the season and clearly disseminate this information at the same time that they distribute information on tryout procedures, tryout evaluation criteria, etc. However, if a coach allows student-athletes to "play up" during one (1) season, that shall not commit that sport to the same policy in future years.

Student Transfers

Any domestic student who has been enrolled in grades nine (9) through twelve (12) and has participated in any varsity contest in any sport at any school, while maintaining permanent residence in the United States or a United States territory following enrollment in grade nine (9) and who then transfers, shall be ineligible for interscholastic athletics at any level in any sport for one (1) year from the date of enrollment at the new school. The period of ineligibility may be waived in the event of a dissolution of marriage or properly recorded legal separation of the student's parents.

The period of ineligibility may be waived in the event that the transferring student did not participate in an interscholastic contest at any level in any sport while enrolled in grades nine (9) through twelve (12) during the previous calendar year.

Foreign students (non-domestic) attending high school in Kentucky shall be considered ineligible for the first calendar year following enrollment. Foreign students who have been ineligible for an entire calendar year after being enrolled in a high school in Kentucky become eligible to represent that school immediately following the conclusion of the one (1)-year period. The period of ineligibility may be waived if the entire family unit is relocating from a foreign country or if the members of a family from a foreign country are relocating due to a declaration of asylum or seeking refuge due to acknowledged conflict.

Foreign exchange students attending school in Kentucky shall be considered ineligible for the first calendar year following enrollment. The period of ineligibility may be waived if the student is placed in a KHSAA member school under the auspices of approved J-1 or F-1 student exchange program that is on the approved listing of Council on Standards for International Exchange Travel (CSIET). In addition, a waiver may be made in other circumstances approved by the Board of Control within the KHSAA Due Process Procedure.

KHSAA Bylaws 6, 7, and 8 contain other specifics and questions should be referred to your Principal or Athletic Director.

Please refer to KHSAA Bylaws 6, 7, and 8.

A student enrolled at any grade level shall not be given improper benefits not available to all members of the student body, to remain at a member school.

Recruiting is defined as an act on behalf of or for the benefit of a school, which attempts to influence a student to transfer to a member school for the purpose of participating in athletics. It also shall be defined as recruiting to provide improper benefits to an already enrolled student to influence that student to remain at a member school for the purpose of participating in athletics. A school official utilizing an intermediary including a peer, another school employee, a student, parent, or a citizen, for the purpose of recruiting a student athlete shall be in noncompliance.

Follow-up training shall be provided annually. **09.311**

Employees are expected to take reasonable and prudent action in situations involving student welfare and safety, including following District policy requirements for intervening and reporting to the Principal or to their immediate supervisor those situations that threaten, harass, or endanger the safety of students, other staff members, or visitors to the school or District. Such instances shall include, but are not limited to, bullying or hazing of students and harassment/discrimination of staff, students or visitors by any party.

Coaches shall take appropriate measures to provide a safe, healthy experience for participants and helpers in the athletic program to minimize the number and degree of seriousness of athletic injuries and related illnesses. For all athletic practices and competitions, safety procedures shall be implemented that comply with Board policy, state law and regulations, and requirements of the Kentucky Board of Education and the Kentucky High School Athletics Association (KHSAA).

When a player has sustained serious injury that may be aggravated by continued participation in the game or practice, the coach shall receive permission from a physician before the player re-enters the game or participates in practice.

Accordingly, the following guidelines for coaches have been adopted by the NFCA Board of Directors.

- The coach shall be aware that he or she has a tremendous influence, for either good or ill, on the education of the student-athlete and, thus, shall never place the value of winning above the value of instilling the highest ideals of character.
- The coach shall uphold the honor and dignity of the profession. In all personal contact with student-athletes, officials, athletic directors, school administrators, the state high school athletic association, the media, and the public, the coach shall strive to set an example of the highest ethical and moral conduct.
- The coach shall take an active role in the prevention of drug, alcohol and tobacco abuse.
- The coach shall avoid the use of alcohol and tobacco products when in contact with players.
- The coach shall promote the entire interscholastic program of the school and direct his or her program in harmony with the total school program.
- The coach shall master the contest rules and shall teach them to his or her team members. The coach shall not seek an advantage by circumvention of the spirit or letter of the rules.
- The coach shall exert his or her influence to enhance sportsmanship by spectators, both directly and by working closely with cheerleaders, pep club sponsors, booster clubs, and administrators.
- The coach shall respect and support contest officials. The coach shall not indulge in conduct which would incite players or spectators against the officials. Public criticism of officials or players is unethical.
- Before and after contests, coaches for the competing teams should meet and exchange cordial greetings to set the correct tone for the event.
- A coach shall not exert pressure on faculty members to give student-athletes special consideration. A coach shall not scout opponents by any means other than those adopted by the league and/or the Kentucky High School Athletic Association (KHSAA).
